

Shawn Stickney

Program: CIEE

College: Middle Tennessee State University

Major: International Relations

Country: Russia

I wanted to extend my appreciation again for the opportunity your foundation has given me to see the amazing city of St. Petersburg. The time I've spent here has been rather hectic due to the program's course load and the extracurricular excursions that are normally mandatory attendance. Even in the short time I've been here I have gleaned an entirely new perspective of Russian people and culture, it really has been the most intriguing and wonderful time of my life so far.
